

Features

- Architectural Bronze color is pleasing in all settings
- UL 1598 Listed for Outdoor Installations
- ADA compliant
- Durable powder-coated finish withstanding the harshest environments
- Custom colors and graphics are available

GAI-Tronics' 234 series stanchion is part of a completely integrated emergency communications station. Designed for remote or high-risk areas, the stanchion provides solutions to security concerns at:

- College campuses
- Parking garages
- Sports arenas
- Transit platforms
- Shopping malls

The stanchion accommodates GAI-Tronics' 290 series and 270 series flush-mount telephones. The stanchion is easily located by potential users because it stands over nine feet tall, with large EMERGENCY graphics on all four sides. The highly visible model 530-001 L.E.D. Strobe, with "constant on" light, mounts on top of the stanchion for quick identification of stanchion location. Additionally, a panel light illuminates the phone for nighttime use.

Model 234 Stanchion
